Best Way To Defend Against Having Your Wheels & Tires Taken From Your Vehicle.

1) Wheel Locks work, but you must attempt to locate a spot within your vehicle or trunk to conceal Wheel Lock Key so it would be difficult for suspects to locate the key.
2) Citizens that have a garage should park their vehicle(s) in the garage and be sure to lock the garage door(s).
   If your garage is cluttered with items then it’s time to clean out your garage so you can park your vehicle in the garage.
   Another advantage to parking your vehicle(s) in the garage is you won’t have to scrape ice or snow from your vehicle when it snows!!
