

The City of Southfield is the premier business address in Michigan. With more than 27 million square feet of office space and over seven million square feet of retail and industrial space – Southfield is truly Michigan's undisputed business center. In fact, Southfield boasts more office space than the central business districts of Cleveland, Cincinnati, Detroit, Indianapolis or Kansas City. Southfield is home to over 10,000 businesses including more than 100 "Fortune 500" companies. Why do so many companies chose Southfield? Simply put, because Southfield offers businesses advantages that others cities don't. An impressive 98 percent of the City is accessible to high-speed fiber optics, broadband and satellite services, and several backbones traverse the community. The City's extensive infrastructure, access to a footprint of citywide fiber optics and central location are just a few of the many reasons why businesses choose Southfield. *WELCOME to the City of Southfield*!

The City of Southfield is not only Michigan's premier business address, but also one of the Detroit area's most desirable residential communities. With more than 800 acres of park land, two public golf courses, miles of nature and fitness trails, and numerous other recreational activities–Southfield truly has something for everyone. The City of Southfield offers a complete living community, featuring a nationally recognized public school system, numerous private and parochial schools, and 10 colleges and universities. All this, and conveniently located just minutes from almost anywhere in metro Detroit, Southfield is not only the *Center of It All* geographically, but also the business and leisure center of southeast Michigan as well.

Southfield truly offers the best of Michigan and the Midwest–a major city located in a pastoral setting, an international center of business and commerce nestled among quaint, quiet neighborhoods. Residents and businesses alike choose Southfield for its central location and easy access to all of southeast Michigan. With its great location, numerous amenities and unparalleled city services, Southfield truly is the ideal place to live, work and play.
