This proposal, if approved by the electors, will allow the School District of the City of Birmingham to continue to levy up to 7.980 mills for general operating purposes (a reduction from the 8.460 mills previously authorized by the electors) on all taxable property in the School District to the extent that such property is not exempt from such levy. Under existing law, the School District would levy only that portion of the mills on taxable property necessary to allow the School District to receive the full revenue per pupil foundation allowance permitted by the State. The School District is not currently levying the 7.980 mills on personal residences (owner-occupied homes).

Shall the limitation on the total amount of taxes which may be assessed against all property, except property exempted by law, situated within the School District of the City of Birmingham, County of Oakland, State of Michigan, be increased as provided in the Michigan Constitution, in the amount of 7.980 mills (\$7.98 on each \$1,000 of taxable valuation), for a period of ten (10) years, from July 1, 2012 through June 30, 2022, inclusive, with 7.980 mills of the above being a renewal of millage which otherwise expire on June 30, 2012? This millage would provide estimated revenues to the School District of the City of Birmingham of Six Million Six Hundred Thousand (\$6,600,000) Dollars during the 2012 calendar year, to be used for general operating purposes, if approved and levied.
