# 2005 Regular Election

Shall the School District of the City of Birmingham, Oakland County, Michigan, levy up to a maximum of one mill (which is equal to \$1 per \$1,000 of taxable value of real and tangible personal property) against all property in the school district for a period of ten years, 2005 to 2014, inclusive, for the purpose of creating a sinking fund to be used for the construction or repair of school buildings and the purchase of real estate for sites for school buildings, as well as for equipping and furnishing school buildings and facilities, including for technology, if permitted by changes in state law? The estimated amount of revenue that the school district will collect in the year 2005 if the millage is authorized and levied will be \$4,,403,185. The proposed millage is the authorization of a new additional millage.

Yes	362
No	225
