

Choose the right care

Use this guide to help determine the level of care you need.

Primary Care Office

Use for routine medical needs, including same-day appointments.

- Annual wellness exam
- Chronic disease management
- Non-urgent medical concern
- Minor injuries and illnesses
- Earache, fever, sinus pain
- Respiratory infection
- Skin rashes
- Vaccinations

Henry Ford-GoHealth Urgent Care

Use when you are unable to see your Henry Ford primary care team.

- Sprains or strains
- Deep cuts needing stitches
- Fever
- Cough or sore throat
- Persistent vomiting or diarrhea

Emergency Room

Use for life-threatening conditions.

- Severe shortness of breath
- Head injuries
- Bone fractures
- Poisoning or overdose

CALL 9-1-1

- Severe chest pain or headache
- Severe allergic reaction – swelling in mouth or difficulty breathing
- Sudden signs of stroke – numbness or weakness in face, arms or legs, difficulty speaking, sudden confusion
