Special Attention: Larceny from Vehicles
How to prevent this from happening to you!

(See Arrest Incidents in main body of report.)

-Citizens should never leave anything of value inside their vehicle. (Especially Handguns, Purses, Wallets, Cash & Cell Phones!)

- If you have a garage, you should park your vehicle in the garage and lock the garage.

- Wheel Locks are a deterrent but don't leave the wheel lock key in the interior of your vehicle, especially the center console or glove box. This is the first place they will look for the wheel lock.

-After parking your vehicle turn your wheels all the way to the right or the left. This will make it difficult to get the lug nuts off the front wheels.

-If you don't have a garage, try to park your vehicle as close to your residence as possible.

-If you hear any loud noises near where your vehicle is parked, especially during the late night or early morning hours, attempt to look outside without alerting anyone and if someone is tampering with your vehicle immediately calls 911, (Do Not Approach
or Scare the Suspects Away) give Police Dispatchers as much information about the suspect(s) and

suspect vehicles as you can. Stay on the phone with Dispatchers until the Police arrive.

-Lots of lighting around the area(s) that you park your vehicles is also very beneficial. Criminals don't like to work in well lighted areas. They prefer to work in darkness because it's difficult to see them.

Special Attention:

Larceny of Packages that were ordered and delivered via Common Carrier.

How to prevent this from happening to you!

Recently several citizens have had packages that were delivered to their residences and apartments stolen prior to them retrieving the packages.

Citizens can prevent this from happening by scheduling a specific time to have the package delivered and be waiting for the package.

Citizen can also schedule the package to be picked up by themselves at the common carrier facility.
