## **Special Attention: Larceny from Vehicles**

### **How to prevent this from happening to you!**

-Citizens should never leave anything of value inside their vehicle. (Especially Handguns, Purses, Wallets, Cash & Cell Phones!)

- If you have a garage, you should park your vehicle in the garage and lock the garage.

- Wheel Locks are a deterrent but do not leave the wheel lock key in the interior of your vehicle, especially the center console or glove box. This is the first place they will look for the wheel lock.

-After parking your vehicle turn your wheels all the way to the right or the left. This will make it difficult to get the lug nuts off the front wheels.

-If you do not have a garage, try to park your vehicle as close to your residence as possible.

-If you hear any loud noises near where your vehicle is parked, especially during the late night or early morning hours, attempt to look outside without alerting anyone and if someone is tampering with your vehicle immediately call 911, (Do Not Approach or Scare the Suspects Away) give Police Dispatchers as much information about the suspect(s) and

When Officers contacted the driver, she had a visible injury, and she was advised they were investigating a possible A&B. When Officers asked the driver for her ID the driver refused to identify herself. After several attempts to identify the driver, she was taken into custody for Obstructing a Police Investigation. When the passenger observed this, she became upset that Police arrested the driver, and she became disorderly and attempted to intervene. When her advances were blocked by officers, she swung at Officer. When Officers attempted to take the passenger into custody, she resisted arrest and sat on the ground refusing to walk to officer's police vehicle after being hand cuffed. Officers had to use the necessary force to get passenger to their police vehicle and while attempting to get her into the police vehicle she kicked a female officer several times in the stomach and chest. She continued to resist officers getting into & out of the police vehicle & while being transported to the jail. She was charged with Disorderly Person and Assaulting a Police Officer.

suspect vehicles as you can. Stay on the phone with Dispatchers until the Police arrive.

-Lots of lighting around the area(s) that you park your vehicles is also very beneficial. Criminals do not like to work in well lighted areas. They prefer to work in darkness because it is difficult to see them.
