Farmbrook Reconstruction

The week of October 6th, 2025, weather permitting, the contractor will begin reconstruction of Farmbrook Road beginning at Telegraph Road to approximately 800 feet west to the gravel portion of the road. This section of road will be closed during construction. The project is scheduled to be completed in late-November. Access to businesses along this section of Farmbrook Road will be maintained via Telegraph Road. However, residents west of the project area will need to enter Farmbrook from Franklin Road during the duration of the project. See the back of this flyer for more information. Please watch for construction signage to avoid driving in areas of current work for everyone's safety.

You will receive additional flyers updating you on any items that may affect you as the construction schedule proceeds. For more information on the project, please visit the City's website at **www.cityofsouthfield.com** and go to the "Construction Projects" tab and the "Farmbrook Reconstruction" project page.

Thank you for your patience during this short-term inconvenience.

Every effort will be made to minimize the inconvenience to area residents. Should you have a complaint or question, please notify the Consulting Engineer listed in bold below. Thank you.
