

**Notice Regarding Landlord Tenant Cases
and
MCR 4.201 (October 2023)**

The 46th District Court has been approved for an extension to implement amendments of MCR 4.201. This extension, which postpones the original implementation deadline of November 6, 2023, to the new deadline of **December 6, 2023**, is to provide the 46th District Court additional time and flexibility to create an effective and thorough implementation process.

The court is working on procedures that will ensure the implementation process proceeds in a manner consistent with the standards set forth by the Michigan Supreme Court's amendments of MCR 4.201.

The court will continue to conduct in-person pretrials (through December 1, 2023) in partnership with the Oakland Mediation Center, Lakeshore LegalAid and the Community Housing Network.
