

CONSTRUCTION NOTICE
BEECH ROAD REHABILITATION
8 MILE TO 10 MILE

PROJECT HIGHLIGHTS:

The project includes asphalt rehabilitation along Beech Road, including sidewalk ramp upgrades, intermittent curb and gutter placement and complete traffic signal upgrade at the 9 Mile intersection. The project also includes heavy maintenance for the Beech Road bridge between 9 - 10 Mile Roads. Generally, construction tasks proceed in the following order: pavement removals/excavations, utility structure adjustments, concrete curb placement, first layers of the asphalt overlay, and sidewalk work.

SCHEDULE:

Work will begin the week of May 17th, 2021 and continue through October 2021.

STAGING:

- Stage 1 (northbound/east side, 8 Mile to 10 Mile):
 - Beech Road (northbound/east side) will be under construction.
 - One-way southbound traffic between 10 Mile and 8 Mile ONLY.
 - Northbound Beech Road traffic will be detoured to 8 Mile Road to Inkster Road, then to 10 Mile Road.
 - Street approach closures at Hickory Hill Street, Larkins Street, Forestview Drive will be required.
 - Eastbound and westbound traffic at Shiawassee will remain open to two-way traffic each night.
 - Eastbound and westbound traffic at 9 Mile will remain open to two-way traffic at all times.
 - Intersections:
 - No left turn from eastbound 9 Mile at Beech Road will be permitted.
 - No right turn from westbound 9 Mile at Beech Road will be permitted.
 - No left turn from eastbound Shiawassee Road at Beech Road will be permitted.
 - No right turn from westbound Shiawassee Road at Beech Road will be permitted.
 - Access gaps will be maintained at driveways that do not have alternate access points.

- Stage 2 (southbound lanes/west side, 8 Mile to 10 Mile):
 - Beech Road (west side) will be under construction, and traffic will be shifted onto the new pavement.
 - One-way southbound traffic between 10 Mile and 8 Mile ONLY will remain in place.
 - Northbound Beech Road traffic will be detoured to 8 Mile Road to Inkster Road, then to 10 Mile Road.
 - Street approach closures at Forestview Drive will be required.
 - Eastbound and westbound traffic at Shiawassee will remain open to two-way traffic each night.
 - Eastbound and westbound traffic at 9 Mile will be open to two-way traffic at all times.
 - Intersections:
 - No left turn from eastbound 9 Mile at Beech Road will be permitted.
 - No right turn from westbound 9 Mile at Beech Road will be permitted.
 - No left turn from eastbound Shiawassee Road at Beech Road will be permitted.
 - No right turn from westbound Shiawassee Road at Beech Road will be permitted.
 - Access gaps will be maintained at driveways that do not have alternate access points.

- Stage 3 (Bridge work between 9 Mile and 10 Mile):
 - Thru traffic from 9 Mile to 10 Mile will be closed for bridge work over the Rouge River.
 - Two-way local traffic ONLY will be permitted on Beech Road from 9 Mile Road to 10 Mile Road on each side of the bridge to the bridge location.
- Stage 4 (Final lift of asphalt paving):
 - One-way southbound traffic between 10 Mile and 8 Mile ONLY will remain in place.
 - Northbound Beech Road traffic will be detoured to 8 Mile Road to Inkster Road, then to 10 Mile Road.
 - Final lift of asphalt placement on Beech Road between 8 Mile Road and 10 Mile will occur in this stage.
