Special Attention: Larceny from Vehicles
How to prevent this from happening to you!

-Citizens should never leave anything of value inside their vehicle. (Especially Handguns, Purses, Wallets, Cash & Cell Phones!)

- If you have a garage you should park your vehicle in the garage and lock the garage.

- Wheel Locks are a deterrent but don't leave the wheel lock key in the interior of your vehicle, especially the center console or glove box. This is the first place they will look for the wheel lock.

-After parking your vehicle turn your wheels all the way to the right or the left. This will make it difficult to get the lug nuts off the front wheels.

-If you don't have a garage, try to park your vehicle as close to your residence as possible.

-If you here any loud noises near where your vehicle is parked, especially during the late night or early morning hours, attempt to look outside without alerting anyone and if someone is tampering with your vehicle immediately call 911, (Do Not Approach or Scare the Suspects Away) give Police Dispatchers as much information about the suspect(s) and suspect vehicles as you can. Stay on the phone with

Disorderly Conduct- 1- Arrest

09/09/2021 12:37pm

29000 Block of Village Rd.

(Condo's)

Several Officers were dispatched to the 29000 Block of Village Rd. on a Peace Officer Run. Officer arrived on scene first and contacted the male half of the run. The subject was identified and appeared calm initially until Officers started to question him.

The subject became very loud while advising Officers why he was at the residence and continued to be very loud and boisterous drawing the attention of nearby neighbors.

The subject was upset because his father passed away and he thought he had rights to property inside his father's residence.

When Officers tried to explain how the Civil Matters works he would just ignore them and continue to talk over Officers. The subject continued to be disorderly for 20-30 minutes. Officers attempted to diffuse the situation and gathered some of his father's belongings from the residence and brought them out to him. The subject stated, "I don't want that" and kicked the bag off to the side. The subject continued to be disorderly and extended his arms out and stated you're going to have to arrest me. The subject was then taken into custody for Disorderly Person.

Dispatchers until the Police arrive.

-Lots of lighting around the area(s) that you park your vehicles is also very beneficial. Criminals don't like to work in well lighted areas. They prefer to work in darkness because it's difficult to see them.

-Citizens should always be mindful not to leave anything of value in their vehicles. Especially wallets, purses, cash, handguns, cell phones, laptops, jewelry, or anything else of value. If you must leave your handgun in your vehicle it should be kept in a gun lock box that is bolted down in the trunk of the vehicle. At the very least you should try to hide the handgun somewhere that it would be difficult to find. The first place that criminals will look is under the front seat, in the center console or in the glove box.
