

## Southfield Community Garden Sponsorship Program

People are the heart of a community. Our neighbors, friends, co-workers, fellow worshippers and civic group members are the core of the community's success and vitality.

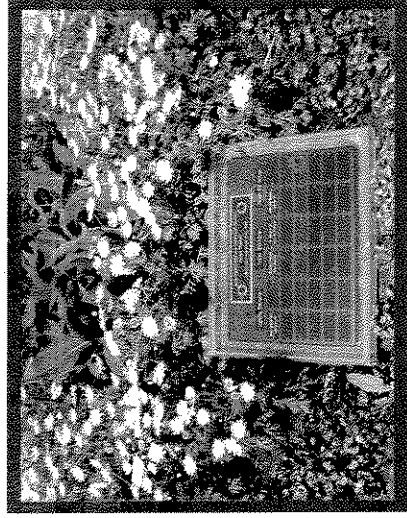

The Southfield Community garden, a City-sponsored initiative, gives us a chance to honor and memorialize those individuals in a permanent garden established on the south side of the entrance to Southfield City Hall.

The Community Garden is an opportunity for residents, businesses, organizations, religious institutions and others to express their gratitude to, honor or memorialize family members, co-workers, friends, associates, companies and others for a job well done, a special deed, a milestone, anniversary, birthday or other special occasion.

Strategically placed opposite the Southfield Veterans Garden, the Community Garden features benches, plants, flowers, trees, accent lighting and engraved brick pavers along a 200-foot walkway.

### You Can Help!

Your tax-deductible donation makes the Garden possible and funds its perpetual maintenance. Community-wide support is needed from individuals, companies, community groups and businesses to offset expenses. Your donation will be displayed on the permanent sponsor recognition plaque located within the Garden.

There are several levels of sponsorship from which to choose:

- **Bench benefactor** – Your donation of \$1,000 sponsors an elegant wooden bench in the alcove circle bearing your individual, firm or organization name on a brass benefactors' plate.
- **Lighting sponsor** – Your donation of \$500 funds accessory lighting for the area.

□ **Tree donor** – For \$300, you or your organization can sponsor one of the beautiful trees in the area.

□ **Garden plot patron** – Your \$250 donation will assure that beautiful plants and flowers always grace the Garden.

The names of individuals, companies or organizations contributing at the \$250 to \$500 levels will be displayed on the permanent sponsor recognition plaque located within the garden.

□ **Buy-a-Brick supporter** – For \$50 for two lines or \$75 for three lines, individuals can make their contribution to the "Buy-a-Brick Program," which provides a 4-by-8-inch brick paver engraved with the name of the person, organization or company you want to honor, the occasion or the date. Brick pavers are prominently displayed along the walkway.

Fully 100% of your donation goes directly to the Community Garden Fund through the Southfield Community Foundation, a registered 501(c)(3) non-profit organization which also benefits from special Michigan Tax Credits. The Garden is a designated Special Fund within the Foundation, and donations only can be directed to this project.

Your donation can create a memory you and they will never forget.
