

ARTICLE 4 GENERAL PROVISIONS

Section 5.22-7 Medical Marihuana Establishments

The purpose of this Section is to exercise the police, regulatory, and land use powers of the City of Southfield by licensing and regulating medical marihuana provisioning centers, medical marihuana grow facilities, medical marihuana safety compliance facilities, medical marihuana secure transporters, and medical marihuana processing facilities to the extent permissible under State and Federal laws and regulations and to protect the public health, safety, and welfare of the residents of Southfield; and as such this section constitutes a public purpose.

The City of Southfield finds that the activities described in this section are significantly connected to the public health, safety, and welfare of its citizens and it is therefore necessary to regulate and enforce safety, security, fire, police, health and sanitation practices related to such activities and also to provide a method to defray administrative costs incurred by such regulation and enforcement.

The City of Southfield further finds and declares that economic development, including job creation and training, and the protection of the health, safety, and welfare of Southfield Neighborhoods and residents are public purposes.

Except as may be required or permitted by law or regulation, it is not the intent of this Section to diminish, abrogate, or restrict the protections for medical use of marihuana found in the Michigan Medical Marihuana Act, the Medical Marihuana Facilities Licensing Act, or Article 19 Section 5.179 of the Zoning Ordinance.

The following uses may be Permitted by Right or Permitted Subject to Special Use Approval upon the review and approval of the City Council after a recommendation from the Planning Commission. The use or uses shall only be approved when the following conditions have been satisfied and all licensing provisions in Chapter 70 have been met. This section promotes and protects the public health, safety and welfare and mitigates potential deleterious impacts to surrounding properties and persons and conforms with the policies and requirements of the Michigan Medical Marihuana Act, P.A. 2008, Initiated Law 1 (MMMA), MCL 333.26421, et seq. (hereinafter “MMMA”), as amended, the Medical Marihuana Facilities Licensing Act (MMFLA), MCL 333.2701 (hereinafter MMFLA) and the Marihuana Tracking Act (MTA), MCL 333.27901 (hereinafter MTA). A use which purports to have engaged in the medical use of marihuana either prior to enactment of said Acts, or after enactment of said Acts but without being legally registered by the Department, shall be deemed to not be a legally established use, and therefore not entitled to legal non-conforming status under the provisions of City Ordinance and/or State Law. The fundamental intent of this section is to exercise the police, regulatory, and land use powers of the City of Southfield by licensing and regulating medical marihuana provisioning centers, medical marihuana grow facilities, medical marihuana safety compliance facilities, medical marihuana secure transporters, and medical marihuana processing facilities to the extent permissible under State and Federal laws and regulations and to protect the public health, safety, and welfare of the residents of Southfield. Accordingly, this section permits authorization for activity in compliance with the MMMA, MMFLA, and MTA. Nothing in this section shall be construed as allowing a person or persons to engage in conduct that endangers others or causes a public nuisance, or to

allow use, cultivation, growth, possession or control of marihuana not in strict accordance with the express authorizations of the MMMA, MMFLA, and MTA, and this section; and, nothing in this section shall be construed to undermine or provide immunity from federal law as it may be enforced by the federal or state government relative to the cultivation, distribution, or use of marihuana.
