07/23/2018 11:47am

28000 Block of Sutherland St.

Animal Control Officer (ACO) responded to residence after receiving a complaint about two dogs locked up in a shed in the back yard of residence.

ACO discovered two dogs tied up on short leashes and one of the dogs didn't have a collar and appeared to be in distress because the leash was tangled around his neck. There was also urine and feces present, all over the dogs. There was no food or water present.

The owner was issued Ordinance violations for Animal Cruelty, Unsanitary Conditions and Unlicensed Animals.

This is the first place they will look for the wheel lock.

-After parking your vehicle turn your wheels all the way to the right or the left. This will make it difficult to get the lug nuts off the front wheels.

-If you don't have a garage, try to park your vehicle as close to your residence as possible.

-If you here any loud noises near where your vehicle is parked, especially during the late night or early morning hours, attempt to look outside without alerting anyone and if someone is tampering with your vehicle immediately call 911, (Do Not Approach or Scare the Suspects Away) give Police Dispatchers as much information about the suspect(s) and suspect vehicles as you can. Stay on the phone with Dispatchers until the Police arrive.

-Lots of lighting around the area(s) that you park your vehicles is also very beneficial. Criminals don't like to work in well lighted areas. They prefer to work in darkness because it's difficult to see them.
